Introduction

Pre-submission quality controls for manuscript readiness and compliance.

Instructions

- Mark each item as Complete, In Progress, or Not Applicable.
- Attach evidence where possible for auditability.

Checklist

- [] Scope fit verified against recent issues in target journal.
- [] Contribution claims aligned with presented evidence.
- [] All figures referenced and captioned with context and takeaway.
- [] Statistical tests justified, assumptions checked, and effect sizes reported.
- [] Ethics statements and data availability declarations completed.
- [] References formatted to venue style with DOI where available.
- [] Cover letter reflects novelty and audience relevance.
- [] Response strategy prepared for potential major revision requests.

Summary

A complete checklist reduces avoidable desk rejection and accelerates review readiness.
