Introduction

Milestone checklist for drafting and defending a coherent thesis or dissertation.

Instructions

- Mark each item as Complete, In Progress, or Not Applicable.
- Attach evidence where possible for auditability.

Checklist

- [] Chapter sequence supports a logical argument progression.
- [] Research objectives map directly to methods and results chapters.
- [] Each chapter includes explicit contribution statements.
- [] Method details allow independent reproduction of core experiments.
- [] Results include uncertainty and limitations, not only best-case outcomes.
- [] Cross-chapter terminology is standardized and non-contradictory.
- [] Defense slides are aligned with committee evaluation criteria.
- [] Potential defense questions are answered with evidence citations.

Summary

Structured milestone checks reduce late-stage revisions and strengthen defense performance.
